## **HATE CRIMES:**

MIT must report statistics for hate crimes for the crimes listed above, as well as for hate crimes involving larceny-theft, simple assault, intimidation, destruction, damage, or vandalism of property, and for any other crime involving bodily injury to a person. A hate crime is a crime reported to local police agencies or to a campus security authority that manifests evidence that the victim was intentionally selected because of the perpetrator's bias against the victim.

A hate or bias related crime is not a separate, distinct crime, but is the commission of a criminal offense that was motivated by the offender's bias. For example, a subject assaults a victim, which is a crime. If the facts of the case indicate that the offender was motivated to commit the offense because of his bias against the victim's race, sexual orientation, etc, the assault is then also classified as a hate/bias crime.

If a hate (bias) related crime was reported to you, please, complete the following information.

**Classification of Hate Crime** (see categories on page 1 or select one of the following):

- Larceny
- Vandalism
- Intimidation
- Simple Assault
- Other (See Classifications on Page 1)

**Type of Bias** (choose one):

- Race
- Religion
- Ethnicity
- Gender Identity
- Gender
- National Origin
- Sexual Orientation
- Disability
